The Trump International Golf Club Dubai is an international golf course that just joined the league of the most premium golf courses in the world. This achievement is one that certainly transforms the golfing scene in Dubai and across the region, reaffirming the emirate’s position as a global destination for world-class developments. It is another landmark representing an addition to the many exceptional attractions Dubai offers to its citizens, residents and visitors alike.”

The Trump International Golf Club Dubai is a golf course that exceeds all expectations. “The Trump International Golf Club Dubai was made possible through a successful relationship that brought together the best in design, location, development and operation, under one umbrella. Over the past three years, DAMAC has worked tirelessly and closely with The Trump Organization, the premier world-class golf course operator, and Eric Trump, in order to deliver such an astounding project offering for golfing enthusiasts. We look forward to announcing the delivery of luxury villas and mansions that overlook the golf course as well as other clusters in DAMAC Hills in the near future,” Sajwani concluded.

Speaking at the launch event, Eric Trump, Executive Vice President of The Trump Organization, said: “We are thrilled to be a part of this momentous occasion in Dubai and to witness the opening of this latest offering in our portfolio of Trump golf courses – the first in the Middle East. Trump International Golf Club Dubai is an incredible addition to our portfolio of 18 prestigious golf clubs and will join the stable of our golf courses around the world. We are very proud of our collaboration with DAMAC Properties and look forward to bringing a new level of challenge and luxury to Dubai at this truly spectacular property.”
